

Support Your School with TelstraClear and intelligent rewards™

Here's your chance to help support the school of your choice and it's as simple as having your communications account (Phone, Broadband, Mobile, TV) with TelstraClear.

Your nominated school will benefit from your monthly spend with TelstraClear in the form of reward points which they can then use to extend their educational budget with a wide range of fantastic rewards.

Visit intelligentrewards.co.nz for more information on this programme and how you can help.

TelstraClear Now's Good

*Good limits apply please go to
www.telstraclear.com to read them.

Thanks for your expression of interest. A TelstraClear customer services representative will be in touch shortly.
Please return this form back to your school.

Frequently Asked Questions

Q > Can I keep the same telephone number?

A > Yes, you are able to keep your current telephone number.

Q > What do I have to do each month to reward my school?

A > Other than being a TelstraClear customer, absolutely nothing! TelstraClear will take care of everything and notify intelligent rewards how many points your nominated school of choice are to receive. These points will then accumulate with other parents contributions for your school.

Q > Which communication services can my school get rewarded for?

A > Any services that you subscribe to on the TelstraClear network will earn intelligent rewards points, including Line Access, Tolls, Broadband and even Mobile. So the more services you consolidate with TelstraClear, the more points you can earn for your nominated school.

Q > Does it cost me anything extra on my account?

A > No, there will be no extra cost for you or your school.

Q > What can my school use the points for?

A > intelligent rewards points help your school extend their budget, and can be used for a number of different products including, computers, projectors, televisions, sports equipment even school trips and much more.

Q > Does it cost me anything to switch telephone companies?

A > No, there is no cost to you to switch your home phone provider to TelstraClear. The process change is as easy as one phone call (at a convenient time for you) from a TelstraClear representative to confirm your details.

Q > How many points will my school get?

A > Your school will earn 1.5 points for every dollar you spend with TelstraClear. i.e., a monthly home phone bill of \$100 will earn your school 150 points.

Q > I have children at more than one school, can I nominate more than one school to receive points from my account?

A > You can nominate only one school to receive the points.

Q > **How can I find out about the TelstraClear services?**

A > Visit www.telstraclear.co.nz/residential to find out more information about the TelstraClear residential services.

For more information visit intelligentrewards.co.nz

Free modem and standard connection applies to broadband packages only. Two month free offer is for new residential customers only. A 24 month minimum term (\$199 early termination charges) applies.
